

# Binocular Vision (Visual Skills)

If you're concerned about your child's Visual Skills, complete the following checklist and email it to [info@pinpointvision.com.au](mailto:info@pinpointvision.com.au) with your child's name and age.

- Squints eyes when looking at something near or far
- Blinks excessively
- Rubs eyes frequently
- Closes or covers one eye when reading
- Eye(s) turn inwards or outwards sometimes
- Complains of double and/or blurred vision
- Complains of headaches and/or eyestrain
- Loses place when reading
- Comes close to their book/ipad to read or write
- Complains of words moving on the page
- Avoids reading for longer than 10-15 minutes
- Has a significant head posture

Our team will review the results and contact you for a discussion
