

Visual Information Processing (VIP) Skills

If you're concerned about your child's VIP Skills, complete the following checklist and email it to info@pinpointvision.com.au with your child's name and age.

- Trouble learning left and right
- Writes letters or numbers backwards
- Confuses words with similar beginnings e.g. the, then, that
- Difficulty remembering instructions
- Slow at completing worksheets
- Strong with verbal communication, but struggles with writing
- Trouble with maths concepts such as number lines, shapes, size etc
- Untidy writing
- Trouble remembering sight words and spelling
- Very bright and knows the work, but academic results don't show this
- Poor comprehension when reading
- Attends extra tutoring, but still falling behind in class

Our team will review the results and contact you for a discussion
